Prosser Dam Will Be Dedicated At October 29 Meet

Secretary of the Interior Stewart L. Udall will be on hand when Prosser Creek dam, first facility in western Nevada's multi-million-dollar Washoe Project is dedicated October 29.

Credit for Udall's proposed visit, Peckham said, goes to Sen. Alan Bible who will deliver the dedication address at the dam site. Bible played an important role as a member of the senate appropriation committee in obtaining funds necessary for the dam's construction.

Peckham said that conservancy directors were planning an extension program at the damsite October 29 to which water conservation leaders from western Nevada and eastern California as well as state and national dignataries from the two states will be invited.

Wolverines Lose South Tahoe Game

(By ROSS DENNEY

The South Tahoe Vikings defeated the Tahoe-Truckee Wolverine football squad at Al Tahoe Saturday by a score of 25 to 0.

The traditional rivals clashed on the South Tahoe home field in the least desirable weather seen this season, leaving both teams and spectators soaked.

South Tahoe halfback Raig Armstrong scored early in the first quarter when he ran 15 yards for the touchdown. The extra point attempt failed, leaving the score 6 to 0 at the end of the period. Dan Markely scored a second touchdown in the second quarter and again the extra point attempt failed.

The Wolverine pack's defense finally tightened and a touchdown seemed close as Joe Straub ran 40 yards on a pass from Quarterback Chris Felte, to within scoring distance of the South Tahoe goal, but the following play was cut short by the half-time whistle, leaving Tahoe in the lead 12 to 0.

A third-quarter touchdown by Fred Naegle put South Tahoe well in the lea dat 18-0 and a final Viking score in the fourth by Mickey Cole left Tahoe-Truckee with little hope and the outmatched Wolverines finally gave up the ball at the end of the game still in their own territory.

The scheduled Junior Varsity game was cancelled due to the weather.

Saturday the Wolverines invade El Camino High School at Sacramento where they will meet the Ramblers, the school's reserve team at noon. The JV's will travel to Reno to meet the Juniors of Bishop Manogue High.

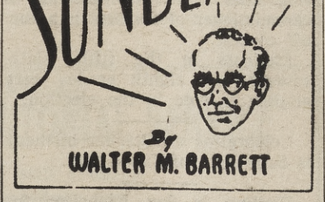
SUNBEAMS



By WALTER M. BARRETT

This newspaper, like practically every other one in the country, daily or weekly, gets called upon to publicize a great number of special "weeks" during the year. Many of these have an important significance, and we're glad to call public attention to such events.

Now it's our turn. From October 14 through October 20 is National Newspaper Week, and we'd like to tell our story.

Actually, every week is newspaper week, for we serve the community the year round. Through us, you get as complete a picture as we can provide of what has occurred here in the past seven days. Our back files are the history of the area and its people.

Through us you learn what has been done in civic and business circles, along with religious, educational and social happenings as well. And, in addition, what was being offered for sale by your local merchants.

Some of these things are important to you and your friends. Some are meaningless to you but of importance to others and necessary to a well-rounded community coverage.

Yes, we try to live up to the slogan of National Newspaper Week—"Newspapers Make a Big Difference in People's Lives"—and we try to live up to it every week, not just this one.

Man Is Accused Of Fraud, Forgery With Credit Card

Douglas Phillip Strayer, 27, Mill Valley, is being held on suspicion of forgery and fraud after he was accused of using a Bankamerica credit card, issued to a H. L. Gilbert of Sausalito, who died two months ago, to bilk a number of Truckee stores.

Truckee storekeepers sold Strayer and him wife, Collene, approximately $1500 worth of merchandise before the suspect was arrested by Constable N. F. Dolley and turned over to Sergeant Roy Waters of the sheriff's department.

The tip-off came when Paul Van Vliet of the Donner Floritss called William Keller, Bank of America manager, to verify the credit card offered by Strayer for purchases at the florist shop. Keller checked and found that Gilbert, to whom the card had been issued, was deceased and immediately notified Dolley.

Keller, Dolley and Waters checked with other local stores and found Walker's Toggery, Besio's, Osburn's Flying A Station, Cabona's and Loynds Drug, were among the alleged victims. At the latter store, Charles Fink, clerk, spotted Strayer getting into his car near the store as the officers were leaving.

He was questioned and refused to give more than meager information.

Officers later learned that Strayer had been using the credit card freely in the Sacramento Valley and his car and a motel room at Reno revealed hundreds of dollars worth of merchandise, presumably purchased with the Gilbert credit card. Officers said Strayer has a rather long police record.

Major Storm Does Some Damage As Rain, Wind Strike

The storm which struck the Pacific Coast with untamed fury, causing 50 deaths and untold millions in property damage, did comparatively small damage in this area but left its mark in disrupted power and telephone service, washed out roads and numerous other inconveniences, including leaking roofs.

From Wednesday through Sunday, the gale-swept storms deposited 8.53 inches of precipitation at the Truckee District office of the Tahoe National Forest. This is more than a quarter of the average precipitation for the year ending September 1, which is 31.57 inches.

The storm concluded Sunday morning when three inches of snow fell and on Monday morning the temperature dropped to a low for the year of 24 degrees at the forest service station.

The Big Bend Ranger Station reparted 24.31 inches of precipitation in the storm, while Reno had only 1.50 inches. Norden reported 22 inches for the storm and considerable damage was done to homes in the area.

A Truckee Public Utility District power line over the freeway west of town broke Thursday, causing an hour interruption of power in some areas. Later the Sierra Pacific company suffered major damage but caused only a minor outage in the Truckee-Donner area.

Telephone service was interrupted as trees fell across lines and water soaked facilities.

The Emerald Bay high-level road, as expected, was closed by rock and dirt slides.

At the west end of Donner Lake the culvert on Summit creek was washed out, isolating homes south of the lake which could be reached only through Donner Park. The Donner Utility Company's six-inch water main and pump house were washed out, but the equipment was saved and has been replaced with service restored.

Numerous trees fell under the strong wind which at times neared 100 miles an hour.

Lake Tahoe took on the appearance of ocean as high waves whipped the shore, causing some damage around the lake, but this was minumized due to the low water.

The forest service reported that since it has kept records, the storm left the heaviest precipitation in October ever recorded.

Two small trailers were blown over on the highway and some signs were downed by the wind.

The storm shorted out the Truckee fire alarm system and several times during Thursday night the blast of the siren aroused sleepers.

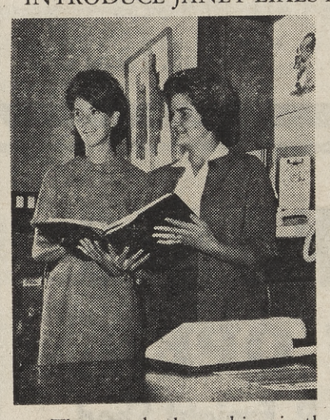
J. C. Domergue, your Telephone Manager in Tahoe City

IT IS THE PLEASURE OF PACIFIC TELEPHONE TO INTRODUCE JANET LIKES AND PAT DOUGERTY



Janet with her husband Larry, came to the Lake Area in June of this year. She is a transfer employee from Sacramento.

Pat first moved to Squaw Valley from San Francisco, where she worked at the Squaw Valley Inn. She worked for Pacific Telephone in San Francisco.

They are both working in the Tahoe City Business Office and will be happy to help you with any telephone problems.

Winning free worms is a nice day's work for some lucky fish at the Bell Telephone Laboratories. The fish are part of an interesting telephone study on sound waves. And the worms are their reward for learning to react properly to certain sound waves beamed through the water.

Observing these performing fish is one unusual way in which telephone scientists are studying the basic mysteries of sound and its effects. Whatever they discover may well lead to more advanced communications devices for you.

Election day, November 6, is still a few weeks off. But it's not too early to make plans so you'll be sure to get to the polls. If you need transportation, now's the time to arrange with your friends for a ride. If small children keep you close to home, perhaps you can swap baby-sitting chores with a neighbor.

You can make these arrangements by phone . . . but that's not why I mention them. I just want to remind you that every vote is important. Be sure you cast yours November 6.

CLOSE DRIVING MAY RESULT IN ACCIDENT

The next time you are driving, notice how much room there is between your car and the one ahead. Chances are you will be surprised at the little clearance you have left yourself.

"It's easy to slip into the dangerous habit of following too closely," pointed out California Highway Patrol Commissioner Bradford M. Crittenden. "Last year, nearly 9,000 drivers made this mistake, and were involved in fatal and injury accidents.

The commissioner said "the often-quoted rule—one car length for each 10 miles of speed—is usually practical in clear weather, on dry road surfaces, during daylight hours.

"Darkness, rain or any number of adverse conditions call for increased following distances, however."

He also pointed out that during periods of extreme congestion, drivers sometimes find themselves hemmed in, without a space cushion to front or rear.

"In this case, ease off a trifle; regain space in front. Then be particularly alert for even minor changes in traffic movement—or you could find yourself ramming the car ahead of you."

LOCAL BUILDING IS DELAYED AT MEET

At their last meeting members of the Nevada County Planning Commission took action on local matters as follows:

Approval was given to three use permits: Rex Reid for moving a single family residence into an "R-2" district at Donner Ski Haven, and to Guadalupe L. Luna and Gustav Huneke for trailer parking on Southern Pacific Company land in Truckee.

Action was deferred to the next meeting on the variance application of Carson A. White to reduce the required front yard from 20 feet to 5 feet to construct a private garage on U. S. 40 at Donner Lake. The variance had been referred back to the planning commission by the board of supervisors with a request that consideration be given to a 10 foot setback rather than the 5 foot setback recommended originally by the planning commission.

Deputy District Attorney Harry Wolters ruled that the board of supervisors in effect had denied the application as filed, and that a new application should be filed for 10 feet before the plannig commission could make a new recommendation.

Members attending the meeting were Chairman Cecil Edmunds, Bob McWhinney, Charles Kitts, Earle Dewing and Alfred Heller.

LICENSE ISSUED

William G. Maclean and Nancy Carlisle, both of Tahoe City were issued a marriage license at Auburn, California on October 5.

The "Fountain of Whales" in the court of the California Academy of Sciences was first created by Sculptor Robert E. Howard in 1938 for the San Francisco Building at the Golden Gate International Exposition.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO—(CNS) — Only a little time remains now to comment on the issues presented to the people for decision on November 6 at the state's general election.

One of the major issues before the voters, and one which if adopted will have an effect on the political future of California for some time to come, is Proposition 23, the initiative constitutional amendment which reapportions the state senate.

Generally, the people of the state are well acquainted with the dissatisfaction of certain elements in Los Angeles County, which seek more political power in the state legislature. It was in the state's largest county that the initiative was conceived, and primarily in that county that enough signatures were obtained to put it on the November ballot.

Briefly, the proposal seeks to add 10 new state senators to the 40 members of that body which traditionally have represented the people in the upper house for many years.

Los Angeles County would receive five of the new senators and one each would go to San Francisco, Alameda, Santa Clara, Orange and San Diego.

While the present proposal would not create a complete imbalance in the senate of urban senators compared to the number of rural senators now serving, it nevertheless would provide the opening wedge for more constitutional changes at a later date.

For 30 years, division of the legislature has been on the premise that the assembly is a body whose districts are such that the members represent population, rather than area, and the senate, a body which represents areas rather than population.

Thus, there has been a balance of power between the urban and rural districts, wherein neither area could run the state without checks and balances.

This has proven highly successful as far as legislation is concerned. For the most part, it can be said that the bills adopted by

AFFAIRS

the legislature have been just to the people of all California rather than to one particular facet.

The same theory of representation has been in vogue in the national congress since the beginning of this country. Congressmen are elected on the basis of population, while U. S. Senators are elected two from each state, and no additions have been made to the senatorial body other than those created by the admission of new states to the Union.

The theory has worked satisfactorily for the benefit of the nation, and therefore should work for the benefit of the state. Naturally, there have been battles between urban and rural areas, but in the final analysis the laws coming out of the congress have been reasonably just for all of the nation.

Proponents of the measure make much of the fact that not only candidates Brown and Nixon, as well as President Kennedy, have endorsed the change in effect. It might be remembered that both Brown and Nixon are seeking votes from the most populous areas, and the president will be in a couple of years.

NORTH TAHOE BRIEFS...

The person who thought up the old cliche about not being able to do anything about the weather overlooked the one thing that can be done about it—talk. For our readers who are enjoying the sunnier clime elsewhere, the first storm of the season left nothing to one's imagination—high winds, higher waves on the lake, rain, sleet, snow. No doubt in anyone's mind that winter is with us.

* * *

Sunday being sunny, it was only logical that the spot to dine would be Sunnyside. A full moon rising over the mountains made a perfect setting for an enjoyable evening. To the cynic who is certain that manners are a lost art, let there be hope. Greeting us at the door was Bill Briner who captivates his guests in grand manner.

Flaming pepper steak lent a distinctive atmosphere to the dining room. That is Chef John's specialty. In case you haven't been introduced to John and Betty Blackwell you have been missing two interesting personalities. John is outstanding in his profession and has been with the Oakmont Country Club at Glendale, Oasis in Palm Springs, Glenbrook and Hawaii Betty has been his able assistant.

Their two daughters are record holding swimmers and a special room holds many trophies they have won. Daughter, Becky Blackwell Potts of Montrose holds a national record in butterfly and individual medlay strokes. Last Christmas she appeared on Steve Allen's show in a water ballet and is now swimming professionally. Daughter, Joanna Blackwell is a stewardess with United Air Lines in Miami. Joanna holds the governor's cup for the state of California for five mile lake swim, among other records.

The Blackwells return Sunday to Phoenix for the winter but are looking forward to returning to their favorite lodge next June.

Bill will reopen in February to the skiers and his regular clients.

Mrs. Lily Mooney has returned to her home in Petaluma after spending the summer with her daughter, Kathleen Roberts at Kings Beach.

Congratulations to Ray and Barbara Bergman of Reno on their 21st wedding anniversary October 12th.

Joy Plunkett and daughter, Kristie, of Crystal Bay are spending a short vacation at Desert Hot Springs.

Hewitt and June Clark have moved into a new home at Incline Village from Carnelian Bay. Hewitt is an architect and designed the house they bought.

Incidentally, hear that Hewitt started over Mt. Rose during the wind storm. The wind swept his car over the bank for a 100-foot downhill slide. He walked up the hill to the Christmas Tree and phoned for a tow car and after some delay, safely home.

H. "Slim" and Leta Laborde of Kings Beach vacationed in the Bay area and attended the World Series baseball games in San Francisco.

* * *

A. G. and Ann McCoskey of Incline Beach also attended the World Series baseball games in San Francisco.

* * *

Optimist Club executive board committee, Ben Ferrari, Harold Tiller, Greg Engelhard, Chuck Elleard, Harvey Price and president, Bill Ellison, met to discuss plans for the coming year. Principal interest is the reactivating of the Boy Scout Troop of which Bill Baker will be scoutmaster. Meeting place is to be decided.

Wednesday's meeting was followed by a showing of Jackie Jensen's All Star game.

Newest member of the Lake Tahoe-Sierra Chamber of Commerce is the Ponderosa Golf Club operated by Jackie Jensen and Alex Stewart. Golfers have reported this an excellent club and both Jackie and Alex have been gratified with their acceptance.

Attending the California State Hotel-Motel Association Convention at the El Cortez Hotel in San Diego are George and Dean Phillips of Tahoe Vista, Don andn Bernice Huff of Homewood and Pete Bennett of Brockway.

* * *

Our sympathy to Sylvia Reich and daughters, Diane and Susan of Los Angeles on the death of husband and father, Seymour Reich. The Reichs have been friends of many years of George and Dean Phillips and spent their vacations at Tahoe Vista where they are well known. Seymour was owner of a Los Angeles hotel and apartment houses for many years, was 51 years of age, was stricken with cancer and died following an operation.

Paul and Yvonne McCoy and sons, John and Bobbie, have moved from a Carnelian Bay residence to the home of Lyn and Bev Ribal at Carnelian Bay which they have leased for the winter. Paul will also operate the real estate office of Lyn's during the winter.

Lyn and Bev have taken an apartment in Sacramento for the winter and plan several trips south during their time away from Tahoe.

400 ATTEND CONCERT BY SAN MATEO ELKS

CRYSTAL BAY—Over 400 persons, members and guests of San Mateo Lodge No. 1011 of the Benevolent and Protective Order of Elks, visited the North Shore of Lake Tahoe to hear the San Mateo Elks Glee Club concert last Saturday night.

The glee club, under the direction of Ed Baker, sang a variety of numbers for its guests at the Crystal Bay Club. The glee club is widely known in Elks circles of California and does not limit its engagements within the fraternity, according to Jerry Cordon.

Exalted Ruler Robert Olsen of the San Mateo Lodge, made the tour with the glee club. He told the representatives of the local Elks Lodge at North Lake Tahoe that he was happy to be their first tour visitation and that the entire group was enjoying the attractions of the area tremendously,

TNT TIDINGS

The preliminary scholastic aptitude test, PSAT, for juniors was held at TNT on October 16. With this test the students are given the opportunity to check their knowledge and to decide about which college they will attend and which courses to take.

This voluntary test precedes the test for aptitude and achievement on October 17, 18, 19 and 23. It is a test which all juniors will take and it is a part of the new required state testing program.

Last Wednesday, October 10, tuberculin skin tests were held at Tahoe Truckee High School. The results were checked on Friday, October 12. More than 50% of all students took the test, most of them freshmen and sophomores. Only two students reacted positively and have to take an X-ray.

The test was sponsored by the Nevada County Health Department, the Immigrant Trails Tuberculosis and Health Association, the Placer County Health Department and the Tahoe Truckee Unified School District. Miss Knight, the district nurse, prepared this test carefully. In this program, Miss Knight was ably assisted by the local doctors.

PROSSER DEDICATION

(Continued from Page 1)

which Udall will be featured speaker.

"Completion of the dam represents step number one in the Washoe Project," Peckham said. "We now have two dams to go to bring to fulfillment the most ambitious and beneficial conservation plan ever undertaken in western Nevada."

Peckham had reference to Watasheanu dam on the East fork of the Carson river, dam number two in the project timetable and Stampede on the Little Truckee. Hopes are high that both those can be completed by 1970.

Prosser Creek dam, with a reservoir storage capacity of 30,000 acre feet, is located four miles northeast of Truckee. The reservoir will reduce hazards of flood control in the Reno-Sparks area and, under a water exchange agreement, will improve fishing in a 13-mile reach of the Truckee river downstream from the outlet of Lake Tahoe.

The dam, which will be fully completed this month, has been constructed for the Bureau of Reclamation by the R. A. Heintz Construction company of Portland, Oregon.

To build the 139-foot high structure, it became necessary to relocate a portion of California State Highway 89 as well as a county road, two power lines, a telephone line and a transconinental underground telephone cable.

The earth-filled dam is 30-feet wide at its crest and 1,830-feet long. At storage capacity, the reservoir area comprises 754 acres; length of the reservoir is 2.5 miles and distance around the reservoir is 8.7 miles.

Under guidance of the U. S. Forest Service, new camping and recreational facilities, including a boat ramp, are either already built or are under construction.

The dam is located in beautifully wooded country and about only 45 minutes drive from Reno.

MONTHLY PRAYER MEETING ON FRIDAY

The monthly meeting of the united prayer group for the Truckee-Squaw Valley-North Tahoe area will be held at 8 p. m. to 9 p. m. Friday evening, October 19, at the home of Pastor Sidney Smith, two doors from the Methodist Church in Truckee.

The prayer group, which includes seven churches plus individual Christians of the community, will be meeting for the third consecutive month.

Churches participating are: St. Nicholas' Episcopal and First Baptist, of Tahoe City; Seventh Day Adventist and the Methodist Church, of Kings Beach; The United Church of Christ, Squaw Valley; Sierra Bible Chapel and the Methodist Church of Truckee.

Service will include opening prayer, Scripture reading, silent meditation, group prayer, hymn singing. This month the speaker will be furnished by the Methodist Church of Truckee. The church furnishing the speaker and place of meeting for next month's group will be announced in advance of that meeting.

STOCK COMPANY IS READY FOR SEASON

KINGS BEACH — The Sierra Winter Stock Company of North Lake Tahoe has again started their regular fall meeting to make plans for the coming season.

During this past summer potluck dinners were held monthly at the homes of Dan Housermans, Betty Vance, Marvine Schwartzs and Helene Batt.

Officers for this year are: president, Dan Houserman; vice presidents, Joan Houserman and Betty Vance; secretaries, Joy Plunkett and Betty Goodhue; treasurer, Margurite Ashton.

The next regular meeting will be held Thursday, October 18, at 8 p. m. at the Tahoe Lake School, Tahoe City.

TAHOE QUESTIONS TO BE ANSWERED

AL TAHOE—Should gaming at Lake Tahoe be frozen at its present level or expanded in the years ahead? Should "paper lots" (no roads, water, etc.) continue to be offered for sale in the Basin? Should off-shore islands be created in shallow waters over state-owned lands?

These, and other controversial development policies for the Tahoe Basin are contained in a special questionnaire prepared by the planning firm of Wilsey, Ham & Blair for circulation next Friday at the general membership meeting of the Lake Tahoe Area Council. The meeting, convening at 3 p. m. at Nevada Lodge, is open to the public, but persons planning to attend should phone their reservations to the council's Al Tahoe offices, KImball 4-5294.

TAHOE SKI CLUB TO HOLD MEET NOV. 2

TAHOE CITY—A meeting of the Lake Tahoe Ski Club will be held Friday, November 2 at 7 p. m. at Crystal Bay Club. A "get acquainted" hour will precede the champagne buffet dinner.

The Lake Tahoe Ski Club is one of the oldest in America. The club's activities are not only directed toward furthering junior skier programs but also includes social get-togethers, family skiing events and pre-school children's instruction.

The club has been assured of clubhouse facilities at Alpine Meadows next year and many events are planned. Herbert Kahn is president of the club.

ESQUIRES TO BE ON NEVADA LODGE BILL

Opening Wednesday, October 24, in the Nevada Lodge's Theatre Bar are the Esquires, brought back by popular demand after their successful appearance in September. These exciting young song stylists are known for delighting audiences throughout the country with their vocal styling, instrumentals and hilarious comedy.

Currently heading the bill at Nevada Lodge are the Diplomats, a group of show-stopping musical masters, and Coral Kent and the Dick Taylor Trio, well-known for their original musical novelty routines.

FORMAL WEDDING AT TAHOE UNITES POPULAR COUPLE

KINGS BEACH—At a formal, double ring ceremony October 13 in the Methodist Church at Kings Beach, Miss Nikki Ann Wing and Duane Kent Edmunds were united in marriage.

The bride is the daughter of Mr. and Mrs. Charles Otis Wing and the parents of the bridegroom are Mr. and Mrs. Robert Edmunds of Palo Alto.

Officiating at the 2 p. m. rites was Rev. William J. Marx, pastor of the Methodist Church. The altar was graced with white mums, red gladioli and orchard dasies. Organist was Mrs. Patricia Vanni of Tahoe City who played the traditional wedding marches.

The father of the bride gave her in marriage. She wore a full-length sheath gown of white brocade satin with bracelet sleeves. Seed pearls accented the crown of her shoulder-length veil and she carried a cascade of white carnations with flowing stephen otis centered by a white orchid. She also carried a white Bible.

Mrs. Bobbie Gillis of San Jose was matron of honor. The bridesmaid was Mrs. Jean Edmunds of San Jose and Janice Wing, sisters of the bride, was junior bridesmaid. The flower girls were Joyce and Janet Vilicich of Marshall, cousins of the bride.

Richard Edmunds of San Jose was the best man for his brother and seating the guests were Johnny Gillis of San Jose and John Edmunds, youngest brother of the groom.

The bride's attendants wore identical gowns of forest green satin with white veils. The junior bridesmaid wore a flowered blue gown with a powder blue chiffon overskirt and short white veil. They carried orchids. The two flower girls wore identical pink frocks with pink and white flower-studded headbands. Their baskets were pink with white satin bows and filled with petals from white chrysanthemums.

Mrs. Wing chose for her daughter's wedding an Italian imported three-piece ensemble in biege silk. Her accessories were in tones of hunter's green, brown and gold. Mrs. Edmunds' mother of the bridegroom, wore a royal blue sheath of linen and her accessories were navy. Both mothers carried orchid corsages.

Parlors of the Crystal Bay Club provided the setting for the reception. A four-tiered pillar cake topped with a miniature bridal couple was the centerpiece of the elaborately filled buffet dinner table.

For the wedding trip to South Dakota, Mrs. Edmunds wore a two-piece black tweed suit and an exotic white orchid corsage.

Both young people are graduates of San Jose State College where she was a chemistry major and where he majored in geology. After the honeymoon they plan to make their home in Palo Alto where Mrs. Edmunds is employed for Areo-Nuclear, Inc.
